

Plan and Investment Notice

WASHINGTON UNIVERSITY RETIREMENT SAVINGS PLAN

Your participation in your employer's retirement plan is the first step to ensuring adequate retirement income. The purpose of this Plan and Investment Notice is to help you make informed decisions when managing your retirement account. It contains important information regarding your plan's services, investments and expenses. **While no action is required at this time**, please review the notice and file it with your other retirement plan documents for future reference.

Section I: Summary of Plan Services and Costs

This section provides important information to assist you in making decisions related to your participation in your employer's plan. It outlines the services available under this plan, explains your right to select the investments for your account, and any fees and plan restrictions that may apply.

Section II: Investment Options Comparative Chart

This section is designed to make it easier for you to compare investments that align with your retirement goals. It provides detailed information about your plan's investment options, including long-term performance and expenses.

Summary of Plan Services and Costs

Multiple providers have been selected to offer retirement services and investment options to employees in the plan. There are costs associated with these services and investments, some of which may be paid by you. In addition to explaining how to direct your investments, this section details the administrative and individual expenses associated with your plan.

The information is sorted by service provider to make it easier to compare. Your plan offers a range of investment options and services from the following providers:

TIAA
VANGUARD

TIAA

RIGHT TO DIRECT INVESTMENTS

You may specify how your future contributions to the retirement plan are invested or make changes to existing investments in your plan as described in the Summary Plan Document. These changes can be made:

1. Online by visiting ttaa-cref.org
2. By phone at **800 842-2252**, Monday – Friday 8 a.m. to 10 p.m. and Saturday, 9 a.m. to 6 p.m. (ET)

RESTRICTIONS

Changes to existing investments usually take place at the close of the business day if a change is requested prior to 4:00 p.m. (ET). Refer to Section II: Investment Options Comparative Chart for investment-specific restrictions.

ADDITIONAL RIGHTS AND PRIVILEGES

Certain investments that you may hold may give you the opportunity to vote on proposals. If and when such opportunities arise, you will receive a notice with the instructions on how to take advantage of what is being offered.

INVESTMENT OPTIONS

A variety of investment options are available in the plan. Please refer to Section II: Investment Options Comparative Chart for a current list of investment options available to you. Additional information, as well as up-to-date investment performance, is available online at www.ttaa-cref.org/planinvestmentoptions. After entering your plan ID, 102320, you'll be directed to plan and investment information.

COST OF PLAN SERVICES

There are three categories of services provided to your plan:

1. GENERAL ADMINISTRATIVE SERVICES

General administrative services include recordkeeping, legal, accounting, consulting, investment advisory and other plan administration services. Some of the expenses for general administrative services are fixed and other expenses such as legal or accounting may vary from year to year. These costs are allocated to each participant in a uniform way.

Other than your specific investment services fees, your plan has no additional administrative expenses paid to TIAA.

2. SPECIFIC INVESTMENT SERVICES

Each investment offered within the plan charges a fee for managing the investment and for associated services. This is referred to as the expense ratio and is paid by all participants in that investment in proportion to the amount of their investment. The specific expense ratio for each plan designated investment option is listed in Section II: Investment Options Comparative Chart.

3. PERSONALIZED SERVICES

Personalized services provide access to a number of plan features and investments that you pay for, only if you use them. The personalized services used most often are:

Retirement plan loan	The cost to you based upon the difference between what you earn on collateral and what you pay in interest
----------------------	--

Qualified Domestic Relations Orders (QDRO)	No charge
Sales Charges, Purchase, Withdrawal And Redemption Fees For Certain Investments	Certain charges may apply. See Section II: Investment Options Comparative Chart or the prospectus for applicable charges.

VANGUARD

RIGHT TO DIRECT INVESTMENTS

This legally required notice includes important information to help you compare the investment options in your retirement plan. You should also review additional information about your investment options, which is available on your plan's website at <http://retirementplans.vanguard.com/PubFundChart/wustl/3511> ; or by contacting Vanguard Participant Services at 800-523-1188 or writing to Vanguard at P.O. Box 2900, Valley Forge, PA 19482-2900. You can obtain a free paper copy of the information on the website by calling Vanguard at 800-523-1188. No specific action is required on your part as a result of this notice.

Your plan gives you the right to direct some or all of your plan investments. You can direct your plan investments using any of the three convenient methods listed below. For a list of the designated investment alternatives offered in your plan and any designated investment managers, please refer to the complete investment fee and performance chart contained in this notice.

Online. Log on to your account at vanguard.com anytime. If you have not signed up for secure online account access, visit vanguard.com/register and follow the prompts. You will need your plan number: 090095.

By phone. Call the 24-hour interactive VOICE® Network at 800-523-1188. You will need a personal identification number (PIN) to use VOICE. To create a PIN, follow the prompts.

With personal assistance. Vanguard Participant Services associates are available at 800-523-1188 Monday through Friday from 8:30 a.m. to 9 p.m., Eastern time. If calling from outside the United States contact Vanguard at 610-669-1000.

You also can access current and previous account statements at any time through our secure website, using the online access instructions above. Your plan statements are published electronically on a periodic basis, at least quarterly. You have the right to request and obtain, free of charge, a paper version of your account statements. You can print it right off Vanguard's website, or contact Vanguard at 800-523-1188 to request that one be mailed. You can also get Vanguard statements by mail automatically. To review or update your mailing preferences, simply log on to your account at vanguard.com, go to My Profile, and select Mailing Preferences.

Transaction requests (for example, a contribution, exchange or redemption) must be in good order. "Good order" means that Vanguard has determined that (1) your transaction

request includes complete information and (2) appropriate assets are already in your account or new assets have been received.

Vanguard, as your plan's record keeper, will determine the necessary processing time for your transaction request before submission to the fund(s).

Your transaction will then be based on the next-determined net asset value (NAV) of the investment's shares. If your transaction request is received by Vanguard in good order on a business day before the close of regular trading on the New York Stock Exchange (NYSE) (generally 4 p.m., Eastern Time), you will receive that day's NAV and trade date. If your transaction request is received in good order while the NYSE is closed, you will receive the next business day's NAV and trade date.

If your transaction involves one or more investments with an early cutoff time for processing or another trading restriction, your entire transaction will be subject to that cutoff time when the trade date for your transaction is determined. If an early cutoff time applies to an investment available in your plan, please review the next section for additional information.

You may not cancel any transaction request once processing has begun. Please be careful when placing a transaction request.

ADDITIONAL RIGHTS AND PRIVILEGES

Proxy Voting: The plan sponsor or other named fiduciary for the plan exercises voting, tender and similar rights with respect to the mutual funds in the plan.

INVESTMENT OPTIONS

A variety of investment options are available in the plan. Please refer to Section II: Investment Options Comparative Chart for a current list of investment options available to you.

COST OF PLAN SERVICES - GENERAL ADMINISTRATIVE SERVICES

Your account will be subject to additional fees if you select one of the following plan services. Please also review your account statement for a detailed disclosure of the dollar amount actually charged to your account for these services and a description of the services to which these fees relate.

Loan origination fee: An origination fee will be deducted from the loan proceeds for each loan issued from your account. The fee is \$50 if you request the loan through vanguard.com or VOICE, \$75 if you request the loan with personal assistance from a Vanguard associate.

Loan maintenance fee: An annual maintenance fee of \$50 will be deducted from your account balance for each loan in your account. The annual loan maintenance fee is charged beginning in the calendar year after the loan was issued.

Qualified domestic relations order (QDRO) fee: A QDRO is a legal document ordering the division of a retirement plan account between parties in a divorce. If you or your spouse submit a QDRO to be processed for your account, a QDRO determination fee in the amount of \$700 will be deducted from your account balance.

COST OF PLAN SERVICES - SPECIFIC INVESTMENT SERVICES

Investments available in your plan may charge additional fees to your account for

investment administration and other investment transactions, such as fund administrative charges, commissions, sales loads, sales charges, deferred sales charges, redemption fees, surrender charges, exchange fees, account fees, or purchase fees.

Please review the Investment Options Comparative Chart contained in this notice to determine whether these fees may be assessed for an investment option, and review your account statement for a detailed disclosure of the dollar amount actually charged to your account each quarter that is attributable to these fees.

FREQUENT TRADING POLICY

Effective July 1, 2016, the following two changes will be made to the Frequent trading policy: (1) the limit will be reduced from 60 days to 30 days; (2) automated transactions through the Vanguard Managed Account Program will not be subject to the policy.

Because excessive transactions can disrupt the management of an investment and increase its transaction costs, limits are placed on exchanges and other transactions. If you move money out of an investment (other than money market funds, stable value investments, short-term bond funds, but including Short-Term Inflation-Protected Securities Index), you cannot move money back into the same investment for 30 days. This policy applies regardless of the dollar amount. Please note that the 30-day clock restarts after every exchange out of the investment.

The frequent trading policy does not apply to the following: exchange requests submitted by mail to Vanguard (exchange requests submitted by fax, if otherwise permitted, are not mail requests and are subject to the policy); exchanges of shares purchased with participant payroll or employer contributions or loan payments; exchanges of shares purchased with reinvested dividend or capital gains distributions; distributions, loans and in-service withdrawals from a plan; redemptions of shares as part of a plan termination or at the direction of the plan; redemptions of shares to pay fund or account fees; share or asset transfers or rollovers; re-registrations of shares within the same investment; conversions of shares from one share class to another in the same investment; and automated transactions executed during the first six months of enrollment in the Vanguard Managed Account Program.

Note that your plan and the issuers of you plan's investments reserve the right to revise or terminate the exchange privilege (your ability to move money between investments), limit the amount of any exchange, or reject any exchange at any time, without notice.

FEE INFORMATION

The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses at http://www.dol.gov/ebsa/publications/401k_employee.html. Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals. Please visit <http://retirementplans.vanguard.com/PubFundChart/wustl/3511> for updated fee and performance information for each of these investment alternatives, along with

additional information regarding the investment's issuer, objectives and goals, principal strategies and risks and portfolio turnover rate. To better understand your investment options, please also visit <https://retirementplans.vanguard.com/VGApp/pe/Glossary> for a glossary of terms.

FEE/EXPENSE DEFINITIONS

Total annual operating expense (gross expense ratio) – The investment fund's annual operating expenses, often expressed as a percentage of average net assets. The total annual operating expense does not reflect any fee waivers or reimbursements that may be in effect.

Sales charge – A charge deducted from the amount invested when shares of a fund are initially purchased. The amount is generally relative to the amount of the investment, so that larger investments incur smaller rates of charge.

Redemption fee – The redemption fee is an amount charged when shareholders redeem shares of a fund within a specified number of days following the purchase of those shares. The redemption fee is intended to allow funds to recoup some of the costs incurred as a result of short-term trading strategies, such as market timing.

Deferred sales charge – This charge is imposed when investors redeem shares. The percentage charged generally declines the longer shares are held.

INVESTMENT PERFORMANCE AND FEE INFORMATION

The table below focuses on the performance of investment options that do not have a fixed or stated rate of return. This table shows how these options have performed over time and allows you to compare them with an appropriate benchmark for the same time periods. Past performance does not guarantee how the investment option will perform in the future. Your investment in these options could lose money.

Information about an option's principal risks is available on your plan's website.

This table also shows fee and expense information for the investment options listed below, including the total annual operating expenses of each investment option listed below. Total annual operating expenses are expenses that reduce the rate of return of the investment option. This table also shows shareholder-type fees. These fees are in addition to total annual operating expenses. The table also shows any restrictions or limitations that may apply to purchases, transfers, or withdrawals of the investment. Please note, each benchmark provided in the chart is a broad-based securities market index, as required by Department of Labor regulation. When reviewing performance of a blended fund (a fund that invests in a mix of stocks, bonds and/or money market instruments, like a Target Date Fund or balanced fund), it may also be useful to compare fund returns to composite benchmarks comprised of multiple broad-based indices based on the fund's composition, goals and objectives. Composite benchmarks are available in the fund prospectuses and at vanguard.com. If you have questions or need help finding additional information, contact Vanguard Participant Services at 800-523-1188.

Investment Options Comparative Chart

Your plan offers a variety of professionally managed investments. One of the benefits of the plan is that you get to decide how your contributions are invested. When making investment decisions, you should keep in mind how long you have until retirement, your tolerance for risk, how this retirement plan fits into your overall financial picture, and the impact of fees. The information on the following pages will help you compare the investment options and make more informed decisions about your retirement plan.

Part A – Performance and Fee Information

Part A consists of performance and fee information for your plan's investment options. It shows you how well the investments have performed in the past as well as any fees and expenses you will pay if you invest in a particular option.

For more information on the impact of fees and expenses associated with your plan, refer to Section I: Summary of Plan Services and Costs or visit the DOL's website at www.dol.gov/ebsa/publications/401k_employee.html. Fees are only one of many factors to consider when making an investment decision.

Part B – Annuity Income Information

Part B contains information about the annuity options available within your employer's retirement plan.

Part A. Performance and Fee Information

The following chart(s) list(s) your plan's investment options whose value may change based on market fluctuations. When evaluating performance of your variable investment options, you should consider comparing the returns of each investment to an appropriate benchmark, which is included in the chart. A benchmark is a generally accepted unmanaged group of securities whose performance is used as a standard point of reference to measure and compare investment gains or losses for variable return investments. Keep in mind that you may not invest in the benchmark indexes which are shown for comparative purposes only. For investments that use a blend of stocks and bonds to limit risk, such as Target Date or Multi-Asset funds, a difference from the benchmark may be due to a difference in the proportion of stocks to bonds in the fund when compared to the benchmark. Benchmark information for fixed-return investments is not provided in this chart. Past performance does not indicate how an investment will perform in the future.

TIAA

For the most up-to-date information about your investment options, prospectuses for available TIAA investments and other helpful resources, visit www.tiaa-cref.org/planinvestmentoptions. After entering your plan ID, 102320, you'll be directed to plan and investment information.

Visit tiaa.org for information and resources to help you make informed decisions. To request additional plan information or a paper copy of information available online, free of charge, contact TIAA at 800 842-2252 or write to us at TIAA, P.O. Box 1259, Charlotte, NC, 28201.

Table 1 shows fee and expense information for the investment options listed including the Total Annual Operating Expenses expressed as a percentage and a dollar amount based upon a \$1,000 accumulation both as net and gross of expenses. Total Annual Operating Expenses is a measure of what it costs to operate an investment, expressed as a percentage of its assets, as a dollar amount or in basis points. These are costs the investor pays through a reduction in the investment's rate of return.

Table 1 shows fee and expense information for the investment options listed including the Total Annual Operating Expenses expressed as a percentage and a dollar amount based upon a \$1,000 accumulation both as net and gross of expenses. Total Annual Operating Expenses is a measure of what it costs to operate an investment, expressed as a percentage of its assets, as a dollar amount or in basis points. These are costs the investor pays through a reduction in the investment's rate of return.

TIAA

Table 2 – Fixed Return Investments

The following chart lists the plan's investment options that have a fixed or stated rate of return.

Name/Type/Option	Return	Term	Additional Information
Guaranteed Annuity			<p>The current rate shown applies to premiums remitted during the month of May 2016 and will be credited through 2/28/2017. This rate is subject to change in subsequent months. Up-to-date rate of return information is available on your plan-specific website noted above or at 800-842-2733.</p> <p>TIAA Traditional guarantees your principal and a minimum annual interest rate. The guaranteed minimum interest rate is 3.00%, and is effective while the funds remain in the contract. The account also offers the opportunity for additional amounts in excess of the guaranteed minimum interest rate. When declared, additional amounts remain in effect for the twelve-month period that begins each March 1 for accumulating annuities and January 1 for payout annuities. Additional amounts are not guaranteed for the future years. All guarantees are subject to TIAA's claims paying ability.</p> <p>TIAA Traditional is designed primarily to help meet your long-term retirement income needs; it is not a short-term savings vehicle. Therefore, some contracts require that benefits are paid in installments over time and/or may impose surrender charges on certain withdrawals. TIAA has rewarded participants who save in contracts where benefits are paid in installments over time instead of in an immediate lump-sum by crediting higher interest rates, typically 0.50% to 0.75% higher. Higher rates will lead to higher account balances and more retirement income for you.</p> <p>For Group Retirement Annuity (GRA) contracts, and subject to the terms of your employer's plan, lump-sum withdrawals are available from the TIAA Traditional account only within 120 days after termination of employment and are subject to a 2.5% surrender charge. All other withdrawals and transfers from the account must be paid in ten annual installments. After termination of employment additional income options may be available including income for life, income for a fixed period, interest-only payments and IRS required minimum distributions.</p>
TIAA Traditional-Group Retirement Annuity	3.75%	Through 02/28/2017	<p>The current rate shown applies to premiums remitted during the month of May 2016 and will be credited through 2/28/2017. This rate is subject to change in subsequent months. Up-to-date rate of return information is available on your plan-specific website noted above or at 800-842-2733.</p> <p>TIAA Traditional guarantees your principal and a minimum annual interest rate. After termination of employment additional income options may be available including income for life, income for a fixed period of time, and IRS required minimum distribution payments.</p>

Part B. Annuity Information

The information below focuses on the annuity options under the plan. Annuities are insurance contracts that allow you to receive a guaranteed stream of payments at regular intervals, usually beginning when you retire and lasting for your entire life. Annuities are issued by insurance companies. Guarantees of an insurance company are subject to its long-term financial strength and claims-paying ability.

TIAA

TIAA Traditional Annuity Lifetime Income Option

OBJECTIVES / GOALS

To provide a guaranteed stable stream of income for your life and, if you choose, the life of an annuity partner. A TIAA Traditional Annuity provides income stability by providing a minimum guaranteed interest rate as well as the potential for additional interest. TIAA Traditional can be part of a diversified retirement portfolio that may include stocks (equities), bonds (fixed income), real estate, and money market investments. Electing a life annuity is just one of many payout options available under the TIAA Traditional Annuity.

PRICING FACTORS

The amount of your lifetime income is dependent upon many factors including:

- The type of annuity selected (single life, joint life, with or without guaranteed minimum periods), and your selection of either the standard or graded benefit method.
- The amount of accumulations converted to a life annuity.
- Your age and, if applicable, the age of your annuity partner.
- The projected returns of the TIAA Traditional Annuity.

Under no circumstances will you receive less than the guaranteed amount of income required under the annuity contracts. To learn more about investments that offer lifetime annuity income, please access the web link provided in the Performance and Fee Information section.

RESTRICTIONS / FEES

- You may not begin a one-life annuity after you attain age 90, nor may you begin a two-life annuity after you or your annuity partner attains age 90.
- Subject to contract terms, if your accumulation is less than \$5,000 on your annuity starting date, TIAA may choose instead to pay your accumulations to you in a single sum.
- If your TIAA annuity payment would be less than \$100, TIAA has the right to change the payment frequency which would result in a payment of \$100 or more.

- Once you have elected a lifetime annuity, your election is irrevocable.

TIAA Real Estate and CREF Variable Annuity Lifetime Income Options

OBJECTIVES / GOALS

To provide a variable stream of income for your life and, if you choose, the life of an annuity partner. This lifetime annuity provides a variable income that you cannot outlive. A variable annuity can be part of a diversified retirement portfolio that may include guaranteed, stocks (equities), bonds (fixed income), real estate, and money market investments. Electing a life annuity is just one of many payout options available.

PRICING FACTORS

The amount of your lifetime income is dependent upon many factors including:

- The type of annuity selected (single life, joint life, with or without guaranteed minimum periods).
- The amount of accumulations converted to a life annuity.
- Your age and, if applicable, the age of your annuity partner.
- The investment performance of the variable annuity account your annuity is based upon.

Variable annuity accounts don't guarantee a minimum income. Income fluctuates based on market performance and is directly tied to the accounts' investment returns. A 4% annual investment return is assumed. Generally, if the actual return in a given year is greater than 4% the amount of annuity income will increase; if it is less than 4%, the income will decrease. To learn more about investments that offer lifetime annuity income, please access the web link provided in the Performance and Fee Information section.

RESTRICTIONS / FEES

- You may not begin a one-life annuity after you attain age 90, nor may you begin a two-life annuity after you or your annuity partner attains age 90.

- Subject to contract terms, if your accumulation is less than \$5,000 on your annuity starting date, TIAA may choose instead to pay your accumulations to you in a single sum.
- If your annuity payment would be less than \$100, TIAA has the right to change the payment frequency which would result in a payment of \$100 or more.
- Once you have elected a lifetime annuity, your election is irrevocable.
- Upon annuitization of CREF accumulations, the expenses associated with CREF will be the same as the R3 Class regardless of the CREF Class prior to annuitization. The R3 Class has the lowest expense of all the CREF Classes.

Please visit www.tiaa-cref.org/public/support/help/glossary/index.html for a glossary of investment terms relevant to the investment options under this plan.

Fees and expenses are only one of many factors to consider when you decide to invest in an option. You may also want to think about whether an investment in a particular option, along with your other investments, will help you achieve your financial goals. The cumulative effect of fees and expenses can substantially reduce the growth of your retirement savings. Visit the Department of Labor's website for an example showing the long-term effect of fees and expenses at www.dol.gov/ebsa/publications/401k_employee.html.

Other service provider important additional information:

TIAA important additional information:

The returns quoted represent past performance, which is no guarantee of future results. Returns and the principal value of your investment will fluctuate. Current performance may be higher or lower than that shown, and you may have a gain or a loss when you redeem your investments. Expense ratios shown are based on the most recent information available, but may not reflect all updates. Please consult the most recent prospectus or offering document for more detailed information.

Variable return investments (mutual funds and/or variable annuities) are offered through your plan sponsor's retirement plan. Funds are offered at that day's net asset value (NAV), and the performance is displayed accordingly. Performance at NAV does not reflect sales charges, which are waived through your retirement plan. If included, the sales charges would have reduced the performance as quoted.

If a variable return investment option includes performance for periods beyond its inception date that performance is based on the performance of an older share class of the investment option. Such performance has not been restated to reflect expense differences between the two classes. If expense differences had been reflected, performance for these periods would be lower or higher than stated.

TIAA provides information on restrictions on recordkept investment options, as well as performance and product information for all proprietary investment options. The Morningstar Category classifies an investment option based on its investment style as measured by underlying portfolio holdings (portfolio statistics and compositions over the past three years). If the investment option is new and has no portfolio, Morningstar estimates where it will fall before assigning a more permanent category. When necessary, Morningstar may change a category assignment based on current information.

There are inherent risks in investing in variable return investments including loss of principal. Please read the prospectus and carefully consider the investment objectives, risks, charges and expenses before investing.
